

Machined Products Company is a Contract Manufacturer of Components and Sub-assemblies used by OEM's in a variety of today's industries.

We are a fully-equipped CNC Machining facility, and utilize some of the most sophisticated CNC Turning and Machining Center equipment available.

Our ISO 9001:2000 Certified Quality System and Metrology Lab also complement the manufacturing and management areas.

We work in mid to large volumes (100-100,000) in the Aerospace, Automotive, Energy, Fluid Power, Medical, Security, Communications, Military, Safety, and Valve markets.

Our flexibility is enhanced not only by use of State-of-the-Art equipment, but also our highly-skilled factory, engineering, and office team.

More information can be found at our website - <http://www.mpc.net/>

Thank you for your interest in Machined Products Company.

Sincerely,

A handwritten signature in blue ink that reads 'Gerry Gammache'.
