Specializing in complex small parts, **Machined Products Company (MPCO)** has been manufacturing precision machined parts for over 75 years.

Our focus is contract manufacturing of mid-to-large volumes across a variety of industries. Working with you from conceptualization to delivery, our highly experienced staff utilize state-of-the-art equipment to provide precision results.

TYPES OF SERVICES OFFERED

- CNC Turning, Machining, Workcells
- Assemblies and Sub-Assemblies
- Inside Engineering and Design Assistance
- Additional SPC Analysis on Critical Components

MPCO has been extremely successful fulfilling orders for high-complexity parts under 2-1/2" in diameter that require multiple axes. Our utilization of automated equipment allows our employees to maintain a strict focus on quality and on-time delivery.

FIELD OF CONCENTRATION

- Materials: Stainless, Aluminum, Brass, Plastics, and other exotic metals
- Size Capacity - 1/16" - 2-1/2" Round Bar Stock
- Up to 6" Chucking
- Typical Quantities run from 500 pcs - 50,000 pcs

Contact us for any parts manufacturing you need and we will get back to you as quickly as possible!
